GANG OPERATIONS SEEN

Police Believe Store Theft Work of Same Yeggs

Thieves looted the fashionable home of Henry Deisel, Sr. at 24 S. Cole-st., between 6 and 11 p. m. Friday, and carried away many silverware and oriental rugs valued at \$3,700.

While members of the household were away the house-breakers effected an easy entrance thru a rear door, deliberately ransacked every room in the place, and left the door hanging open in their haste to make a quick getaway.

Three small chests of sterling silverware worth approximately \$1,000 were taken from a buffet in the dining hall; necklaces, brooches and earrings having a money value of \$800 were gotten from a bureau case in an upstairs bedroom; and even finely-woven oriental rugs valued at \$1,400 were missed from upstairs rooms.

HOUSE DISTURBED

The robbery was discovered at 11 p. m. by the Deisels, who noted the suspicious condition of downstairs furniture upon returning from a dinner party at the Lima club. A check up on valuables kept in the house followed and revealed

Red Troops Reported to Have Taken Stalin

BERLIN.—(By United Press)—Red troops, supporting Leon Trotsky, initiated at Moscow and arrested M. Stalin, secretary general of the Communist party, imprisoning him in their barracks according to a dispatch to the Berliner Zeitung Am Mittag from its Bucharest correspondent, who quotes Odessa reports.

The troops, the report said, were angered by Soviet circulars branding Trotsky as a traitor. Premier Rykov went to the barracks and sought unsuccessfully to obtain Stalin's release, which was agreed to only upon condition that Stalin resign the sec-

Surveyor's Staff to Be Most Expensive

Increased allowances for operation purposes have been granted to five county officials for running their offices in 1925.

The boosts will enable officers to pay their employees more cash in some instances and to hire additional office workers.

Glen I. Wallace, county recorder, will have an appropriation of \$8,240 for the new year against \$6,874.45 allowed last year. He is also asking the county commissioners for \$600 extra for clerk hire in the present year. The commissioners have not granted his request as yet.

Wallace's office earned a total of \$11,796.81 in fees during the past year.

FEES LARGE

Probate Judge Hamilton has been allowed \$5,278.21 for office help as against \$4,133 for the past year. Fees of the office have been extremely high in the past year in addition to a large total of liquor fines collected.

BILLY CAN'T COME HOME

Thought of William Green's Aged Father

COSHOCTON, O.—(By United Press)—To William Green, his selection as president of the American Federation of Labor meant the achievement of a lifetime.

But to his aged father, Hugh Green, who lives in a neat little cottage just outside Coshocton, it meant merely that "Billy" can't come home so often now.

The aged Welshman, himself an oldtime coal miner, was unable to comprehend the meaning of the honor which has been done his son.

His hearing is poor and his speech faltering. He is 89.

Hugh Green came to America from Wales in 1888. Two years later William Green was born, the first of a family of six children.

He was born in Prosser Hollow, south of here, in one of a group of shouses erected by the mining company for which his father worked.

William attended district schools, but his aid was needed in the support of a growing family and many of his early years were spent under the ground with pick and shovel.

Lima Temperature Hits New Low Mark Saturday

Old King Winter descended upon Lima with chilling effect Friday night and Saturday was still one of the city's best known citizens.

So thoroly did he do his work the temperature dropped to six degrees at 4 a. m., four degrees above zero at 7 a. m., six degrees above at 9 a. m. and 12 degrees above at noon.

All indications point to much lower temperatures Saturday afternoon and night and probably Sunday with gradually rising temperatures early next week.

Lima was one of the coldest cities in the state, reports indicated Saturday. The cold was not accompanied by snow or wind to any great extent, however, and as a result street cars were running as usual through the city.

TRAINS LATE

Trains and interurban lines, however, were more or less handicapped by the extreme cold and most of them were running an hour or more late. Garages reported a thriving business in frozen radiators and batteries and other automobile troubles caused by the cold or the carelessness of the drivers.

Home owners reported bursted water pipes to local plumbers and the coal men found themselves busy delivering fuel to those who had miscalculated the

LIGHT!

How Much It Means At Christmas Time

Light is the very spirit of a gala, festive Yuletide. Light streaming from the windows through the blurred, snowy night. Light sparkling in colored jewels over the Christmas tree. Light gleaming on the gifts and the holly and over the table where the guests are assembled.

It wouldn't be Christmas without Light!

And artificial illumination as we have it today—in electrical light, is the safest, cleanest, most convenient and abundant light that man has ever known. Let's be thankful for the force of electricity at all times, but especially so at Christmas.

CONGRESS TAKES RECESS

Solons to Quit Work Over Holiday Season

RECORD IS INCOMPLETE

Senate Gets In Muddle on Important Issues

WASHINGTON—(By United Press)—With an incomplete record behind it and an uncertain future ahead, congress will adjourn today for the Christmas holidays.

During the past three weeks, two important measures have been finally disposed of—the deficiency and naval reconditioning bills which were hanging over from the last session.

On Muscle Shoals and the postal salary raises, the senate got into such a muddle that none of the leaders can foresee the outcome.

The 13 appropriation bills which the house is making short work of, will require the senate's attention as soon as it reconvenes. Three of them already have been passed by the house.

NAVAL ISSUE

With another effort to secure a congressional investigation of the navy's strength under way in the house, the administration today was confronted with a dual problem in restraining "this navy talk which is regarded as multilateral and unwise in the light of present international relations."

Rep. Britten, Illinois, Republican, is the author of the latest drive for a naval inquiry in the house. He has introduced a bill providing for appropriations of \$101,400,000 to build more cruisers.

In the hearings on this measure he hopes to secure from the navy department the information about the navy which was denied him when the house naval affairs committee dropped its projected questioning of Sec. Willbur.

On the senate side the request of the senate naval affairs committee for information concerning foreign protests against elevation of guns on American battleships also opens the way for discussion of navy which President Coolidge has sought to discourage for the present.

The administration looks to its lieutenants in both houses to prevent these moves from developing into major investigations.

MAY REFER QUESTION

The proposal to refer the Muscle Shoals question to a commission for study is gaining ground. Sen. Smoot, Utah, a Republican leader, announced today after a call at the white house.

"I believe the senate will ultimately adopt the commission plan of disposing of Muscle Shoals rather than adopt the Underwood bill," Smoot declared, confirming United Press dispatches of late Tuesday.

Smoot did not state that Pres. Coolidge has indicated his approval of the commission plan, but declared reports he had received clearly indicated it might finally be adopted by the senate when the holidays are over.

REDUCTION COSTLY

Reduction of income and war taxes by congress last spring cost the government nearly \$100,000,000 in revenue during the first five months of the operation of the new law, the internal revenue bureau reported today.

Income taxes collected in the period July 1 to December 1 totaled \$543,755,074, a decrease of \$21,000,000 as compared with the same period last year.

BODY TO BE EXHUMED FOR IDENTIFICATION BY ALLEGED RELATIVE

After waiting for almost a week for police to locate a son of Stephen Kohler, also known as Stephen Kuhlard, whose lifeless body was found in a rooming house at 822 S. Main-st. Monday morning, attaches of Williams & Davis mortuary gave up the search as fruitless and buried the dead man Friday afternoon.

No sooner had the task been completed than a telegram arrived from the Youngstown police department, saying a man named Joseph Kuhlard, who thinks the dead man might be his father, had decided to go to Lima to look at the body. And so Saturday morning the body was exhumed and is back again at the Williams & Davis funeral home awaiting identification.

LEGION TO GIVE BASKETS

Families of Vets to Be Remembered

Heaping baskets of provisions will be distributed to families of needy World War veterans in the city by the American Legion, Christmas, it was decided at a meeting of William Paul Gallagher Post, Friday night.

Each basket will contain potatoes, flour, sugar, canned goods and a five pound chicken. Cost of the baskets will amount to \$4.50 each.

The baskets will be distributed by the members of the Ladies Auxiliary.

Thirty-five unfortunate war veterans who are receiving treatment in Lima state hospital for insanity, will be remembered. Each man will receive a Christmas box containing candy, fruit and other delicacies.

Several disabled veterans from Lima, under treatment in government hospitals in Arizona and at Chillicothe, are to get Christmas gifts from the post.

The post will hold its annual election of officers and a Christmas party Friday, Dec. 26 in Memorial hall.

Assets Are Listed as Worth \$68,203

An appraisal of the properties and effects of the Rhoda Body & Manufacturing Co., filed in common pleas court Saturday, shows assets of the concern to be worth \$68,203.71.

The property listed includes 40 sedans, 25 busses, 10 coupes, and three coaches in process of completion. The assets of concern are involved in receivership proceedings in both state and federal courts.

Which court will take precedent has not been determined.

The appraisal filed Saturday was made by John M. Boone, F. C. Moore and H. P. Jones, who were appointed by the court for the purpose.

"STOP" SIGN FAILS TO HALT SPEEDING CHIEF ANSWERING FIRE CALL

A woman who refused to give her name, phoned police headquarters at 9:15 a. m. Saturday and informed Desk Sergeant Bruce Souders that Fire Chief John Mark had just speeded over a "stop" sign on Jameson-av at High-st. She demanded that he be halted into court.

Mack, with Assistant Chief Bert Wilcox, was speeding thru the city and on an emergency stop. The name of the head of the fire department was not revealed.

amount of their supply and the severity of the weather.

Charitable organizations working thru the Christmas mother reported many calls for aid. Children needed under-clothing and stockings and families pleaded for enough coal to keep the houses at above freezing temperatures.

One of the troubles that used to worry housewives, lack of gas on cold mornings, was entirely absent Saturday. Manufactured gas made here strengthened the supply to such an extent that no shortage was seen.

Predictions that the weather will continue cold are accompanied by the warning that all pipes should be protected from the cold and that auto owners should see that their radiators and batteries are properly protected.

COLD WAVE TO STAY WITH US

WASHINGTON—(By Associated Press)—Further reports reaching the weather bureau today confirmed the government forecast in their belief that the cold wave will remain and the east is likely to remain unbroken for several days.

Whether it will extend over Christmas cannot be foretold with certainty. Over most of the section east of the Mississippi the prospect is for fair weather, but rain and snow is expected in the south Atlantic and east Gulf states and a "white Christmas" is possible in sections of the south that have not seen one in years.

Freezing temperatures are expected tonight as far south as northern Florida and tomorrow night as far as central Florida.

The grip of winter was slowly relaxing in the far west and Rocky mountain region today while it tightened in the middle west and began to envelop the east.

Altho nearly normal temperatures may be reached in most of the cold wave area within 24 hours, days will change before wire and rail communication virtually paralyzed in some sections, resume usual operations.

Meanwhile the toll of lives continued to mount as deaths from freezing were added to fatalities in fires resulting from overheating. Fire departments in the middle west and cities considered hundreds of calls. Considerable suffering was felt among the poor, but relief organizations were not reported overtaxed by demands.

RELIEF FOR COAST

Warm winds were forecast to the Pacific coast today after a day of sub-zero temperatures in the north and heavy frosts in California. That necessitated smudge pots in the citrus area and nipped orange shoots in Valencia.

Rising mercury and fair skies were reported in Montana and Colorado, the last of the Rocky mountain states to feel relief after five days of bitter cold. A man and a woman were frozen to death in the Butte district.

Three members of a family of four were burned to death at Casper, Wyo., when an explosion was caused by lowered gas pressure that put out fires in their homes. The family had been sleeping in the house.

Eight deaths were reported in Missouri, Kansas and Oklahoma, where thousands of dollars of property damage was done. One man was frozen to death and another died from injuries received in a fall on the ice in Chicago.

More than 20 degrees drop to five below zero were recorded in Chicago in 24 hours.

TRAINS LATE

Trains in the middle west were running several hours late more than 24 hours late and four passenger trains which left St. Louis Thursday were lost somewhere in southern Illinois today.

Trains were forced to move thru trees and poles felled across tracks by their burden of ice. Member newspapers of the Associated Press, cut off from the outside world by paralyzed communication were kept in touch with the outside world by radio.

The Jefferson City bureau of the Associated Press cut off by wire for two days transmitted dispatches by radio. The Kansas City and St. Louis bureaus of the Associated Press also communicated by radio.

Springfield and Jacksonville and other southern Illinois points were forced to rely on radio dispatches for outside communication. Wire facilities of the associated press to the southeast and south of Chicago were badly crippled, much reworking of lines being necessary to bring in news from these sections.

LAKE GALE

CLEVELAND—(By Associated Press)—The storm that has been sweeping across the country, rode into Cleveland on a 40 mile northwest gale off the lake early today and sent the temperature tumbling to the near zero mark predicted by Weathermen early for the night.

Telephone and telegraph communication was slowed up by the storm. Transportation was hampered, trains running far behind schedule.

Unofficial temperatures throughout the city averaged about 16 above zero at daybreak. Shaker Heights, police station reported a low for the Cleveland district of seven above zero and East Cleveland, and West Park each reported ten above.

MISSOURI HARD HIT

KANSAS CITY, Mo.—(By United Press)—With rail and wire communication still badly demoralized a break in the sub-zero weather that has prevailed over the middle west was due today, according to the weather bureau. Temperatures were expected to go as high as 15 above in Kansas, Oklahoma and Missouri.

southern towns were completely isolated by the storm.

TWO DEAD

ST. LOUIS, Mo.—(By United Press)—Two persons are dead here as a result of the storm which virtually isolated Missouri and Southern Illinois from the rest of the nation. More than 5,000 travelers are stranded here waiting for outgoing trains which are running from eight to 12 hours behind time.

FORBES WITNESS ON STAND

Alleged Reason for Mortimer Testimony is Bared

CHICAGO—(By Associated Press)—The week-end recess in the Forbes-Thompson veterans' bureau conspiracy trial began today after the defense had put into the record two full days' rebuttal testimony.

George B. Tullidge of Philadelphia, testified yesterday that Elias H. Mortimer, his son-in-law and the government's principal witness, revealed to the Tullidge family that he took the stand before the senate veterans' bureau to compass Forbes' destruction.

Mrs. Tullidge corroborated this testimony.

"I am going to get Forbes, if I can't get him one way, I'll get him another," Dr. Tullidge testified Mortimer said shortly before he appeared before the senate committee.

In response to a question as to the reason for his bitter feeling toward Forbes, Mortimer said to Tullidge:

"Because he could have made me a rich man by giving him hospital contracts, but he would not do it."

Dr. Mortimer's son in your presence that if you did not make Catherine (Mrs. Mortimer) line up with him against Forbes he would drag her down in the mire," Dr. Tullidge was asked.

"Yes," he replied.

The defense will resume Monday.

DEISEL HOME IS ROBBED

(Continued From Page One)

The thefts. Police were notified immediately.

Officers rushed to the scene and did what they could. Neighbors when questioned, reported having seen an automobile in the drive leading to the rear entrance of the house about 7:30 p. m. They suspected nothing, however, thinking members of the family were returning home.

Andrew Carpenter, of W. High-st., chauffeur for the Deisel family, was questioned by the officers regarding any knowledge he might have in the matter. He earned a few dollars a week, then through the thefts, gained nothing.

Automobile burglars, who looted the Helen Beauty Shop, at 210 N. Elizabeth-st. Thursday night, and carried off imported undergarments worth \$600, are sought in connection with the Deisel robbery.

S.M. METHOD

Following are the articles of jewelry which, in addition to the rug and silverware, made up the loot.

A silver filigree chain set with pearls and having an onyx pendant suspended on it, a silver brooch having numerous small garnets, a gold brooch or bunched grapes design, a gold bracelet having a blue-aphro stone, a long crystal necklace, solid gold earrings set with pearls and a hand bag with a light silver band around the bottom.

SKAT WAITING FOR SKATING

The cold wave is here. Again the weather man was right. And Skat, with a sad mien, is counting the days until the sun will bring his smile once more.

The advance of the belated blizzard was proclaimed by the high wind and zero weather Friday night and Saturday.

The waters of the old creek are flowing down, and a thin coating of ice has begun forming over the top.

Skat is surveying the handiwork of Jack Frost with an expression that is sad to behold. The prediction of the weather man that the cold will hold up for several days is almost sure to send him inside until it passes.

CAMPBELL LAID TO REST

Hundreds Pass in Tribute Before Bier

COLUMBUS.—(By Associated Press)—Ohio, whose chief executive he had been, today claimed for a few brief hours the body of former Gov. James E. Campbell before it was borne to its last resting place in Greenlawn cemetery.

Lying in the center of the state house rotunda under the great seal of the state in the capitol dome made resplendent by the sun's rays, the former chief executive's face, plaintive in death, yet all but wreathed with a smile, was viewed by hundreds who passed in silent tribute by the bier.

At the head and at the foot of the coffin stood sentinels in khaki from the Ohio National Guard, while on either side stood a man in blue, comrades of the departed soldier in the Civil war. The coffin bore a large flag and on the breast of the former soldier was the badge of the Grand Army of the Republic.

The body lay in state thus from 9 o'clock this morning until 1 o'clock this afternoon. It had been borne from the Campbell home in Hamilton-av under escort of a detachment of National Guard cavalry.

From the state house the remains were taken to the Broad-st. Presbyterian church, where the simple church services were said by Rev. Dr. S. S. Palmer, the church pastor, at 2 o'clock. The procession to the cemetery followed.

Gov. Donahue and other state officials attended the funeral services at the church.

Shop Early Idea Works

Burglars are shopping early this year. Friday night they obtained their first installment of "ho-ho-ho" cheer when they purloined a half-case of Jamaica ginger from the grocery store of Grady Miller, at Wayne and Union-sts.

Police were notified at 2 a. m. by neighbors that the men were prowling about the rear of Miller's store. Officers Grant, Taylor and Hargrave were detailed and reported the store-breakers absent when they arrived.

FAMILY MOVES OFTEN, DIVORCE PETITION SAYS

Being compelled to move 18 times during her married life was not the least of the Mrs. Mary I. Amrine's troubles, she declares in a divorce petition filed in common pleas court Saturday naming John A. Amrine, of Columbus defendant.

The couple have two children, Virginia, 5, and Marjorie, 3. The plaintiff asserts that her mate never supported them and refused to pay any bills.

In winter he never was known to buy fuel, but according to the wife did purloin a little from the railroads and the neighbors.

The plaintiff seeks an injunction, alimony and custody of the children.

ON BOYD

Frank Wilson was held to the grand jury Friday by Justice of Peace E. M. Balkin on a charge of purloining a battery of a man named H. Clay Jody. He was released on \$100 bond.

ACTION DISMISSED

Contentment proceedings instituted in common pleas court by Mrs. Bertha M. O'Brien, against Pat O'Brien, grocery clerk and butcher, for failure to pay temporary alimony were dismissed Saturday. The divorce action is still pending.

DIVORCE GRANTED

Mrs. Nellie Saunders, 20, whose disastrous marital alliance with Russell Saunders was affirmed in common pleas court recently, was awarded a decree Saturday. The couple eloped and were married in Monroe. She is restored to her former name, Nell Smith, under the court order.

JUNIOR PLAY IS SUCCESS

High School Actors Please Large Audience

One of the best high school plays ever put on in Lima was given by the junior class of Central high school Friday evening in the auditorium when "A Full House," a three-act comedy, was presented.

The audience, which filled the big hall was greatly pleased with the presentation, so clerks were every one of the 14 parts given.

Ned Pembroke is in love with Daphne Charters, and he enlists the aid of George Howell, a lawyer friend, to get his love letters from Vera Vernon, whom he once thought he loved and who now is attempting to blackmail him with the aid of the letters.

Howell gets the letters, but complications follow that are hilarious and nearly cause a break in the domestic relations of several of the parties. All works out well in the end, however.

Complete cast of characters was as follows: Pembroke, the butler, Ed West; Watkins, Susie, the "dumbbell" maid, Claudine Gross; Mrs. George Howell, Corinne Gross; Miss Winnecker, an aunt, Isabelle Buhl; Daphne Charters, Ned Pembroke's fiancée, Elizabeth Breckenridge; Nicholas King, a burglar, William Leech; Ned Pembroke, the wealthy Pembroke family of Boston, Bassett, Lerch; George Howell, a young lawyer and recently married, Jack Morley; Dougherty, Mooney and Kearney, a trio of policemen, Isaac Dunlap, Wilbur Counsellor and Donald Miller; Mrs. Fleming, the landlady, Janice Radebaugh; Vera Vernon, Pembroke's old sweetheart, Florence Harpster; Mrs. Pembroke, Ned's mother, Margaret Evans.

The play was directed by Miss Elmer J. Barnes, Central high school dramatic director. Russell

This infant classification shows 491 Want Ads.

BUSINESS is forever looking for new and more efficient ways in which to perform the world's work, and when it finds a short cut in production or distribution, hundreds of people profit through greater economy, greater convenience or greater usefulness. That is service.

The Want Ad Section of The Lima News is an economic short cut by means of which thousands of people are enabled to get in touch with buyers or sellers of commodities more quickly and more cheaply than they could by any other known method. Its motto might well be "I Serve."

The Want Ad Section of The News as a medium, is untiring in its efforts to bring prospects to your door; it is clock-like in its regularity; it is speedy in forming new contacts, and it is far-reaching in its power of distribution. There are no barriers to its contact with great multitudes of buyers in the city's fifty-five thousand people.

If you want to sell a house or an automobile, a radio or furniture; or if want to hire help, remember that The Lima News will deliver your message to thousands of readers in Northwestern Ohio. Phone Main 4921 and ask for an "Adtaker."

CHURCHES SHOW STRENGTH

Membership Gain Steady in Great Britain Parishes

LONDON — City Associated Press — The churches of Great Britain have increased in membership in the last year on a basis not recorded since the great Welsh Revival. With three small exceptions, the Church in Wales, the Scottish Episcopal Church and the United Free Church of Scotland, every denomination has increased its number of communicants or members, the total increase recorded being 119,000.

While this increase has been made in the adult section of the churches, there has been a decrease of 22,000 in the number of Sunday school scholars.

The strength of the churches in Great Britain is summarized as follows:

Communicants and members: 5,846,187; Sunday School scholars: 5,495,292; Roman Catholic population (England and Wales): 1,297,250, making a total of 13,638,729. These figures, however, are not complete, as they do not include the statistics of the Salvation Army, the Free Church of Scotland, the Unitarians, except as to their Sunday schools, and a number of small communities, such as the Plymouth Brethren. As affording a fairly complete record, however, the figures may be compared with the last population census of 42,767,529. On this basis, one person in every three is associated definitely with a Christian church.

Rouge Used By Ancients Of America

WASHINGTON — City United Press — Ned M. Judd, leader of the National Geographic society's expedition to Pueblo Bonito, the pre-Columbian "apartment house" of Chaco Canyon, New Mexico, has brought back to Washington an amazing array of exquisite art objects and domestic utensils which shed new light on an early metropolis of Indian America.

Perhaps the most beautiful piece in the collection is a turquoise necklace of 2,500 pieces and four pendants — the only complete specimen of such a necklace known. The method by which the Indians ground down the tiny pieces, and bored them out to be strung on sinews, has won the admiration of modern jewelers. The four pendants are remarkable specimens of turquoise deep blue, and with them, Judd said, he could have purchased every Indian horse in San Juan county.

Other unique objects of art are jet rings, perfectly rounded, on which are mounted tiny carved turquoise birds. The mounting was done with pine gum, the adhesive of the American ancients, which lasted thru the ages the rings lay buried in the pueblo ruins.

To get these, and other tiny pieces, the Geographic explorers sifted tons of debris. Recovered in this process are some of the finest specimens of Indian basketry yet discovered.

Historically one of the important finds is a double basket, the use of which has not yet been determined. Although they left no written records that can be deciphered, they attained a civilization as interesting as the early cultures along the Nile and in Mesopotamia, yet distinctive.

"That object looks like a 'vandy box,'" remarked one geographer who viewed the collections. "Not only that, but here is a bit of the puzzle the Bonitans used," replied Judd, and he displayed a lump of reddish clay, which still will color the flesh. These "makeup" devices were used by the Bonitan men, however, rather than their women.

JERUSALEM CURBS DIN OF AUTOMOBILE HORNS

JERUSALEM — The growth of motor traffic in Palestine since the war has increased so greatly that the municipal government of Jerusalem has been compelled to take steps to curb the mad roaring of automobiles thru the crowded streets of the city. At first it will stop the harsh honking of horns, which are distasteful to a population accustomed to a life of quietude and peace, and which were characteristic of the Holy City before its modernization began.

Decees have been issued providing drastic punishments for speeding and reckless driving, and stipulating that after Jan. 1, all automobile horns must be replaced by bells. The latter, the government declares, are more in character with the spirit of Jerusalem.
